PEOPLE ASK ME WHAT MAKES A WINE LIST GREAT.
TO BEGIN WITH, IT SHOULD TELL US STORIES;

Stories about the winemakers, their agonies and the vintages.
Stories about the varieties and the exciting terroirs in which they are planted.

A great wine list is a combination of diversity, excitement and adventure.
It should enable you to swiftly navigate through varieties, regions and diverse styles of wine.

It should also give you exciting alternatives at various price levels.

Wine is fun, above all;
this, together with producers who are true to their land, gives the best result.

SAUVIGNON BLANC & BLENDS

Most consumers, at least at some point in their lives, have fallen in love with Sauvignon Blanc. Especially New Zealand's aromatic wines overflow with passion fruit and green pepper. However, it acquires its supreme expression in the Loire Valley and in the village of Sancerre, where some of the world's most exciting white wines are produced.

RIESLING

Sometimes sweet, sometimes bone dry but always aromatic, Riesling is a fantastic grape with tons of brightness and an intense personality. Floral and herbal, sometimes with a hint of petrol, it can be unforgettable. The triumph of varietal character as Riesling is rarely oaked.
